Proposed Project Schedule - IT Governance Project for Colorado State University

		Week # 1 2	5/15 5/25 5/26 4 5/26		6 6/26 7/3 10 1/2	14 15 14 15
1.00	Groundwork and Project Management					1
	EAB / Texas A & M Listening Session	CS	SU Work			1
1.02	Admin Pre-kickoff and briefing from CSU on IT systems and services	P Pro	oject team me	eting		
1.03	CSU to compile background data					
1.04	Set up and schedule project		brightspot w	ork		İ
1.05	Project check in w/ Project Leader + PM (30mins)					
1.06	Kick-off meeting with Planning Committee (60mins)	С	Planning Co	mmittee wo	orkshop	
2.00	Research and Stakeholder Engagement					
2.01	Review work to-date on IT governance and reference materials					
2.02	Prepare for stakeholder engagements					
2.03	Student, faculty, and staff workshops for input on IT governance (3 @ 60mins)		S Stakeho	lder engag	ement	l
2.04	Summarize research and engagement findings					
2.05	Review findings with Planning Committee (60mins)		C			
3.00	IT Governance Advising					
3.00	IT Governance Advising Identify and categorize decisions appropriate for stakeholder input					
					!	<u> </u>
3.01	Identify and categorize decisions appropriate for stakeholder input					
3.01 3.02	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees					
3.01 3.02 3.03	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints)					
3.01 3.02 3.03 3.04	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc)					
3.01 3.02 3.03 3.04 3.05	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc) Create draft charter for each governance group	⊉ 60mins)		S		
3.01 3.02 3.03 3.04 3.05 3.06	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc) Create draft charter for each governance group Recommend communications framework (msgs, channels, cadence - by audience)	ֆ 60mins)		S		
3.01 3.02 3.03 3.04 3.05 3.06 3.07	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc) Create draft charter for each governance group Recommend communications framework (msgs, channels, cadence - by audience) Student, faculty, and staff workshops for feedback on draft IT governance model (3 @	ֆ 60mins)				
3.01 3.02 3.03 3.04 3.05 3.06 3.07 3.08 3.09	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc) Create draft charter for each governance group Recommend communications framework (msgs, channels, cadence - by audience) Student, faculty, and staff workshops for feedback on draft IT governance model (3 @ Review decisions, groups, process, and comms with Planning Committee (90mins)	ହି 60mins)				
3.01 3.02 3.03 3.04 3.05 3.06 3.07 3.08 3.09	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc) Create draft charter for each governance group Recommend communications framework (msgs, channels, cadence - by audience) Student, faculty, and staff workshops for feedback on draft IT governance model (3 @ Review decisions, groups, process, and comms with Planning Committee (90mins) Revise and finalize charter for each group	ĝ 60mins)				
3.01 3.02 3.03 3.04 3.05 3.06 3.07 3.08 3.09 3.10	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc) Create draft charter for each governance group Recommend communications framework (msgs, channels, cadence - by audience) Student, faculty, and staff workshops for feedback on draft IT governance model (3 @ Review decisions, groups, process, and comms with Planning Committee (90mins) Revise and finalize charter for each group Revise and finalize comms framework	ழ் 60mins)				
3.01 3.02 3.03 3.04 3.05 3.06 3.07 3.08 3.09 3.10	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc) Create draft charter for each governance group Recommend communications framework (msgs, channels, cadence - by audience) Student, faculty, and staff workshops for feedback on draft IT governance model (3 @ Review decisions, groups, process, and comms with Planning Committee (90mins) Revise and finalize charter for each group Revise and finalize comms framework Final Presentation	्रे 60mins)				С
3.01 3.02 3.03 3.04 3.05 3.06 3.07 3.08 3.09 3.10 4.00	Identify and categorize decisions appropriate for stakeholder input Recommend domain-specific governance groups/committees Define inputs needed from CSU IT to communicate to groups (i.e., goals, constraints) Recommend governance groups process (cadence, norms, inputs, outputs, etc) Create draft charter for each governance group Recommend communications framework (msgs, channels, cadence - by audience) Student, faculty, and staff workshops for feedback on draft IT governance model (3 @ Review decisions, groups, process, and comms with Planning Committee (90mins) Revise and finalize charter for each group Revise and finalize comms framework Final Presentation Compile findings and recommendations in presentation-style report	ழ் 60mins)				С
